

Happy X Mas
& Happy New Year

Dear Sebastian and Friends

How are you? Hope you and your friends are keeping fine. Firstly I wish advance Happy Christmas and Happy New Year. Did you start your Christmas celebration? How is everyone in your family? How are your activities? How about the situation there?

Thank you so much for supporting us during these difficult times. Always Good Lord protects you and your family. We wish that everyone always stays healthy.

We and our children are fine. Here faced corona and daily it is increased. More restriction brings out from government and more time was lockdown, now got some concessions. In there, school didn't open, don't know when it opens. We give online class to the children but some children from tribal area they didn't get online facilities. We visit our children and give whatever they want.

It is raining well here due to low pressure and cyclone. Mainly affected Tamil Nadu state. Our area is boarder of the Tamil Nadu.

This is the first Christmas with you since I took charge. I pray that all the joys of Christmas come to your life. Please pray for us and our children.

Thank you so much for your help. It is with your valuable help that we have been able to grow so much. Thank you for your kind mind. We and our children always remember you in prayer. Hearty welcome you to in our place. We pray for blessing from God to in your family, activities and future plans. We hope that we will see you again.

Thank you in Jesus Christ
