

## 2024 Report

The new year 2024 January started with prayer for interceding the blessings for the new year and thanks giving for the blessing showered in the year 2023. There were meetings of doctor's staffs etc.

This year we completed the payment of the ICU ambulance and it is running well. Nearby no ICU ambulance. So our ICU ambulance getting running sufficiently well.

The new generator is running well. Every now and then current is going because of rain, tree fall etc. So our generator is functioning well.

The new anaesthesia machine started functioning well. These ambulance, generator and anaesthesia machine are the projects of Hilfe Adimaly. We are very much thankful to you all for the great help you are rendering to our hospital through your hard work, along with your busy schedule. You all are in our prayers and we wish God blessings to you all and your families now and in the coming years.

## Free Medical camps

This year we conducted eight free medical camps in various places of high range specially in tribal areas.

1. Parathodu : Along with the KCYM youth of Christ College Thrissur we did blood group detection and medical camp to the poor people there.

2. Thalukandom - Mankulam : In the tribal settlement we did medical camp for the tribal people along with the Carmel Giri social work graduates.

3. Peechadu : For the migrant labourers we conducted medical camp.

4. Thattekannamkudi : As part of social work we conducted medical camp for the tribals there.

5. Michael Giri -Marayoor : in commemoration of the Jubilee year of our Saint Michael School Michael Giri conducted a free medical camp for the people of Marayoor.

Medical, pediatric and gynec doctors of Morning Star participated in this camp. Along with the checkups we have given medicines. Our school children also were checked. We have given sufficient medicines to the school for the children. The teachers also were given medicines. There the panchayat provided free ambulance services to take the bedridden patients to and for treatment. The Panchayat president was our former Bala Bhavan student.

6. Edamalakudi : We conducted mother and child health camp along with the government program by sending our gynecologist and pediatrician there. They stayed one day and did it. They have given awareness class also for the tribals.

7. Ortho Megamedical Camp at Morning Star Medical Centre: The famous Orthopedic surgeon of Kochi Dr. Vincent chakkiath started his service here in Morning Star from 6 th Dec. 2024. Previous to that there was a mega medical camp of 3 doctors on 30th November 2024. It was a fund success. People from far and wide came for the camp.

8. Cardiology Mega medical camp : On 17th the December there was a mega medical camp of our cardiology department at Anachal St. George Church Parish hall along with CML Kunchithanni unit and Alaska tourism society.

8. Blood donation camps : Four blood donation camps done and each camp 20-25 people donated blood.

### Training programs and classes

1. Devikulam sub RTO ( Road Transport organisation) organised a program for all school bus drivers. In that morning star Medical Centre gave a FIRST AID TRAINING for all the participants.

2. Sub RTO office Adimaly conducted a program for Driving School instructors of motor vehicle department. That they requested it to give the same first aid training program for them also and we gave the training.

3. Scientific exhibition : SNDP School Adimali conducted a science exhibition and the Morning Star adimaly participated by exhibiting our anatomical and cardiological procedures.

4. In the primarital courses of Idukki, Vijayapuram dioceses and Jacobite Idukki Bhadrasanam, Morning Star Medical Centre sisters Sr. Amal Jose and Sr. Lis rani classes in the premerical course.

**Death care**

Morning star Medical Centre do give death care not only to the patients die here but also to the dead persons brought from other places including abroad.

### Medical care

Morning star Medical Centre do give palliative care to patients at home on every Wednesday.

We brought back to life to two persons.

1. Sunny : He was almost in a dying stage in the High Hills in a small hut. Nobody noted it as it was too High from the land.

He was in the hut lying on floor without food and in an unconscious stage. The Panchayati people of that area informed and we went with our ambulance to bring the patient. With the help of the people there we brought him down from the hilly area to the ambulance and brought here. First he was washed and cleaned and he was admitted here, and slowly he has come to life. We took care of him and was given food, treatment and stay free and stayed for 2 months in the hospital with our care and he became normal. Then with the concern of the family members and collector of Idukki we settled him in a home for rehabilitation in Idukki district. Now Sunny is staying happily there along with the inmates there.

2. Mathew : Mathew is separated from he is wife and his only son and was staying alone in in a house. He fainted and nobody noted as he was staying alone. After one week his brother came and he saw him full of motion and urine with worms and strong smell. He with some others from there brought him here in that stage and he also washed and cleaned given O2 etc ,and was here for one and half month and everything including medicine, food clothing etc is given and brought him back to home and he is staying happily there.

**Celebrations**

**1. Hospital Day Celebration (Star night 2K24)**

**3. World Heart Day**

**4. Onam Celebration**

## 5.Children's Day

## 6. X' Mas Celebration

Thus we are thankful to God for all the graces showering upon us and others through us for their well being. So I conclude with lots of thanks to God almighty for using us for His mighty services. Thanks and praise The Lord
